

Arterra™ Specialty Wall Panels

Create a stunning space for your brand with character, texture, and quality.

Arterra is a high-quality masonry alternative wall panel made with a real stone surface. With Arterra, you get the look, feel, and durability of masonry, while reducing installation time, labor, and material costs. Arterra's interlocking panel edges and light weight enable any contractor to install with ease.

Arterra panels are cast from real brick walls, incorporating an original character and charm into each space. Explore the five distinctive brick patterns to find the perfect look for your design.

EASY INSTALLATION

Lightweight panels are easy to transport and install, shortening installation timelines and lowering budgets.

EASY TO MAINTAIN

Its durable surface is easy to clean and maintain, saving time and money throughout the product lifecycle.

TOUGH IN ANY ENVIRONMENT

Arterra is resistant to rain, snow, UV damage, heat, freeze, and defrost. It also has a Class B fire rating.

SURFACES MADE FROM REAL STONE

A crushed stone surface made from natural minerals is molded and laid over a layer of high-density foam to create a lightweight stone panel.

AUTHENTIC APPEARANCE

Arterra has an artistic focus on detail and authenticity while feeling cold to the touch, just like natural stone.

BRICK COLLECTION

Our brick panels are made with a real stone surface, giving your space an authentic look and feel that your guests will appreciate.
